Tree Plantation Program on occasion of World Environment Day

Place: Nabagram Village

Date: 06.06.22

Continuous deforestation and decreasing number of trees is the main cause of global warming. To alleviate this situation at least to some small extent the NSS volunteers organized a plantation program on the day of world environment day at the different places of Nabagram village. They have planted total 17 plants. And they also try to make villagers aware of the importance of trees in the life of humans and animals.

Outcome: the plantation program is very helpful to spread awareness among villagers and also the planted saplings will be helpful to correct the air quality of this area in future.
